

Spring Summer

OAS

2027

A sun-drenched summer story shaped by attitude, joy, and ease. The spring/summer 27 collection explores a confident masculinity influenced by the expressive characteristics of the '60s, '70s, and early 2000s. Very OAS coded with bold prints, graphic contrasts, tactile textures, and a playful spirit.

A confidence runs throughout the collection, designed for individuals with a strong sense of self and an artistic mindset. The collection embraces personal expression, made for long days, warm nights, and dressing without rules.
